## Admission Guide for International Student of Guiyang University

### SCHOOL PROFILE

---

Guiyang University is located in Guizhou Shuanglong Airport Economic Zone, with a beautiful campus and complete facilities. Guiyang University was established in 2004 through the merger of Guiyang Normal College and Jinzhu University, and is run under the system of "provincial and municipal construction and city-based". In 2018, the university was granted the right to confer master's degree and started to enroll master's students. The university has 16 professional colleges, covering 10 disciplines including science, engineering, economics, management and education. The university adheres to the guiding ideology of "highlighting practicality and serving the local community" and focuses on the personalized and differentiated development of students. The university is committed to cultivating high-quality applied professionals with a sense of social responsibility, humanistic sentiment, scientific literacy and innovative spirit, who can adapt to the needs of local economic and social development in the new era, and who are well-rounded in moral, intellectual, physical and aesthetic development.

---

## INTERNATIONAL EXCHANGE AND COOPERATION

---

Guiyang University focuses on international exchange and cooperation. Up to now, it has reached educational exchange and cooperation agreements with more than 71 overseas universities, such as Berkeley College in the United States, Quebec University in Canada, Daiwa Language College of Education in Japan, Kalasin University in Thailand, Changhua Normal University and Chaoyang University of Science and Technology in Taiwan. We have established an international talent cultivation system with three levels: exchange students, language students and academic students. Our international students come from more than 20 countries in Asia, America, Africa and Europe.

## INTERNATIONAL STUDENT PROGRAMS

---
